

The S3FE (Shell Forward Engine) is the best solution for all of your bus customization needs. Whether it's a blood drive unit, a bookmobile, or a mobile command center: this bus can be completely customized from bumper to bumper. Its enhanced front service door allows easy access to the engine without the need for special tools, thus increasing uptime and reducing maintenance time. With over 90 years of experience, you can be sure to find the right needs for your bus with Blue Bird.
